Therapy Anywhere Anytime

Speech Pathology | Occupational Therapy | Psychology | Dietetics | Physiotherapy

Therapy Connect offers online therapy services using videoconferencing technology at a location that suits, at a time that suits.

Our aim is to increase choice and access to high quality therapy supports for you and your child. We offer a coordinated team approach, meaning, that families can now access high quality 'Therapy Anywhere, Anytime'. Our services are ideal for families, especially those who find it difficult to access a therapist, live remotely or find it difficult to travel.

IT'S EASY

You can make the appointment and set the frequency that is convenient for you and your child

NO TRAVEL TIME OR EXPENSE

Therapy Connect services are ideal for families who live remotely or find it difficult to travel

IT WORKS

You can receive effective online therapy from speech therapy and occupational therapy. There is evidence that clinical outcomes and satisfaction is equivalent to face to face therapy

CHILDREN STAY IN THEIR NATURAL SETTING

Therapy Connect can conduct sessions with children at home, school, preschool or childcare centre

WE ARE EXPERIENCED

Highly trained, professional and experienced. We understand child development and family life. Therapy Connect incorporates best practice evidence into your therapy.
